

## Dartford CIL Funding for Infrastructure Projects Expression of Interest

### Summary Details of Proposed Project

a) Project Name.	
b) Type of Strategic Infrastructure. (See separate document Additional Information for more details.)	
c) Brief Description of Project. (Provide a brief summary of the works that will be undertaken as part of the project.)	
d) Potential Benefits (Give a broad assessment of the benefits the project will deliver in terms of meeting community needs, providing additional services that would support the development of the area and addressing identifiable issues.)	
e) Lead Organisation Delivering the Project. (This should be the organisation that will be accountable for any CIL funding allocated to the project.)	
f) Other organisations involved in the delivery of the project? (Provide full details of any other organisations involved in the delivery of the project and their role.)	
g) Total Costs of Project. (Provide details of the latest estimated cost for the project. Provide a breakdown of this, where possible, identifying preparation fees, management fees and any contingency allowed.)	
h) Other Sources of Funding. (Provide details of any other sources of funding that have already been secured towards the cost of the project. Provide details of any further contributions expected and what remains to be done to secure these?)	
<b>What level of funding is being sought from Dartford CIL?</b> (Amount and proportion of total costs of the project.)	

**Dartford CIL Funding for Infrastructure Projects**  
**Expression of Interest**

**Location/Plan of Proposed Project.**

Insert a Plan (or Plans) showing the Location of Project and further details where these are available (e.g. layout of the proposed works, any phasing of delivery, development on or adjacent to the site, etc.)

### NOTES

1. A supporting document entitled "Additional Information" accompanies this form to provide assistance with its completion. If however, there are any questions remaining then please contact the Council via [Planning.Admin@dartford.gov.uk](mailto:Planning.Admin@dartford.gov.uk) marking the e-mail "CIL Funding - Expression of Interest Query".
2. The submission of this Expression of Interest is the first stage in the identification of projects and their assessment as being suitable for funding support from CIL. The Additional Information document includes a flow-chart outlining the procedure for the identification of projects and the allocation of CIL funding.
3. Where strategic projects have been identified as eligible a further Bid Pro-Forma will need to be completed providing further detailed information about the project. The additional level of detail required reflects the scale of the project itself and the level of funding support.
4. Where a project is determined as eligible but serving the unparished areas of the Borough the completion of a Bid Pro-Forma is unlikely to be necessary. In this case the assessment of the project will be based on the information contained in this Expression of Interest although additional information may be requested.
5. Regardless of the scale of the project, all decisions regarding the allocation of CIL funding rest with Dartford's Cabinet.
